WHO WE ARE

As you all know this country is saturated with lawyers like a wet paper towel. Where do they keep coming from and how can they all survive? At this time there are roughly 1.3 million lawyers in the United States. It is perhaps the most crowded profession in the country. We are frequently asked how a lawyer can get some exposure and enhance their law firms prestige without a \$100,000 or \$500,000 advertising/marketing budget?

In order to answer this question, we looked into pay per click advertising (too expensive for legal search terms) as well as good old-fashioned SEO (law firms have full time employees optimizing). So, how does a small to medium sized firm or solo practitioner increase their organic search results? We have found that lawyers who are members of vanity legal organizations frequently outrank their local competitors. This is because Google, as well as other search engines, recognize these lawyers as having a particular expertise. These lawyers are then clicked on and searched more often which then begins a cycle causing rankings to steadily increase.

So, how can membership in Lawyers of Distinction (L.O.D.) benefit my reputation? Part of the answer is definitely the strength of the Lawyers Of Distinction logo and branding both online and in all professional materials.

What else does L.O.D. do for Members that differentiates them from other legal vanity organizations? Lawyers of Distinction is unique amongst Lawyer Marketing companies

insofar as they publicize member names through press releases, online announcements, and on social media (Facebook and Twitter) year round. Members are each publicized nationally through the New York Times, A.B.A. Journal, and numerous other outlets both in print and online. Through these multiple channels, Members are actively promoted both to the legal community as well as to the general public. This multi-pronged approach provides members far and away the best bang for the buck for their marketing dollars.

For 2018, L.O.D. has implemented a new feature whereby potential clients can directly search for and retain quality representation. Presently, thousands of people visit the website directory daily! Unlike most competitors, Lawyers of Distinction does not refer clients to specific attorneys and therefore is not a lawyer referral service. Lawyers cannot pay for greater placement or banner ads, etc. This creates a unique user experience whereby one can search for a lawyer geographically or by specialization or both, making informed consumer decisions.

Lawyers of Distinction provides exclusive member benefits at a very reasonable price. As of this writing membership options begin at \$475.00.

This is just the beginning. To learn more about our exclusive Member Benefits and our "Member Discount Program" continue to Chapter 2.

CHAPTER 4

INTRINSIC VALUE OF LOD MEMBERSHIP

Recently, lawyer marketing/vanity organizations have come under attack. Are they legit? The attacks have come predominantly from jealous outsiders looking in and legal marketing companies who often times have their own agenda. The answer is a resounding YES. Lawyers of Distinction is absolutely transparent in our selection process. Lawyers of Distinction allows other attorneys to nominate peers or the candidate may be selected by the Selection Committee. Lastly, Lawyers of Distinction allows self-nomination.

Some critics challenge the objectivity of such selection criteria. The reality is that this is a platform for information and a starting point for the public. In this way, Lawyers of Distinction is a valuable resource to those in need of competent legal representation.

Others complain that the selection or nomination of attorneys is entirely subjective. Well, first of all for the aforementioned reasons it certainly is not. More importantly, these critics fail to realize that L.O.D. Members are a very highly educated and sophisticated group of people. You know exactly why you are joining and how Membership can give your practice some practical tools to thrive in a highly competitive legal environment.

The proof of customer satisfaction is the explosive growth of L.O.D. and the fact that 95% of our Members renew.

CHAPTER 5

ATTORNEY SEARCH FEATURE

For 2018, L.O.D. has implemented our newest feature whereby potential clients can directly search for and retain quality representation. Unlike most competitors, Lawyers of Distinction does not refer clients to specific attorneys and therefore is not a lawyer referral service.

Lawyers cannot pay for greater placement or banner ads, etc. This creates a unique user experience whereby prospective clients can search for a lawyer geographically or by specialization or both, making informed consumer decisions as opposed to contacting the next Johnny come lately on television. At the time of publication of this book, more than 5,000 unique users visit the website daily in search of representation. This trend will only accelerate as we continually reinvest dollars into marketing L.O.D. to the general public.

CHAPTER 6

INCREASE WEB TRAFFIC ON A CONSISTENT BASIS

L.O.D.'s team of search engine optimizers stay continually at the cutting edge of the latest changes to Google algorithm's. The last three major Google algorithm updates are known as Hummingbird, Panda, and Penguin. Our engineers use this technology so that your personal profile page is expertly optimized. Below is a brief description of these algorithms:

Hummingbird was designed to pay more attention to individual words in a search query, so the overall meaning of the query is considered. The results are that sites that match the whole meaning of a query do better than sites that match only a few words of a query.

Panda was designed to prevent sites with poor quality from finding their way into the top of search results.

Lastly, Penguin was designed to catch sites that were spamming the search results by buying backlinks or getting them through link networks designed to boost search rank.

CHAPTER 7

MEMBER ANNOUNCEMENTS, NEWS AND CASE RESULTS

Upon acceptance, each Member receives a custom “Press Release” generated by L.O.D. and emailed to our Member. The press release can be used in so many ways. Lawyers have sent it for publication to their local media, firm newsletters, website announcements, blogs, social media and many other creative ways.

L.O.D. also publishes a welcome email announcement on the Lawyers of Distinction Facebook page as well as Twitter.

We encourage Members to provide us with any news stories, professional announcements, case results or other newsworthy stories. Upon editorial review, we then will publish this information on our website blog, on Facebook, and in our Monthly Newsletter.

As you can see we are with you all the way, here to help you stand out all year long.

CHAPTER 10

LOD IS INDEPENDENT

Lawyers of Distinction members have been selected based upon a review and vetting process from our Selection Committee. After a thorough review of credentials, attorneys are nominated by our Selection Committee. Lawyers do not pay for this nomination. These potential candidates who meet the criteria of our screening process have demonstrated a high degree of peer recognition and professional competence. Attorneys may nominate other peers they feel warrant recognition or self-nominate. These candidates undergo the same rigorous review process. Lawyers of Distinction uses its own independent criteria, including both objective and subjective factors in determining if an attorney can be recognized as a Lawyer of Distinction in the United States in their respective field. This designation is based upon the proprietary analysis of the Lawyers of Distinction organization alone and is not intended to be endorsed by any of the 50 United States Bar Associations or The District of Columbia Bar Association. Lawyers of Distinction shall not confirm membership to more than 10% of attorneys in any given state. Any references to “excellent”, “excellence” or “distinguished” are meant to refer to the Lawyers of Distinction organization and not to any named member individually.
